**TO WHOM IT MAY CONCERN**

**Subject: Official Safety Notice on APC Back-UPS BX models with universal socket**

Dear Sir,

I hereby certify that no associated safety concerns, or damage to connected equipment will arise when poles (L&N) are reversely connected to the universal receptacle socket on the Back-UPS models listed below. This means that any direction the L&N poles take during insertion into the receptacle is deemed harmless.

The above declaration applies to the following APC Back-UPS BX models with universal socket only:

- BX625CI-MS
- BX650LI-MS
- BX800LI-MS
- BX1100LI-MS
- BX700U-MS
- BX950U-MS
- BX1400U-MS

Best Regards,

Name: David Chen
