

# NSX terminals shield.

Edges of rear-plate end are higher than the surface of terminals.

Do not damage the highlighted circles area below

Partially cut squares can be removed to adapt to all types of connection for cables with lugs or copper bars, according to squares in dotted lines

In the leaflet, we can see that because of the busbar or cable unsulation, partially cut could be made.

**Mandatory  $U \geq 500\text{ V}$**   
**Obligatoire  $U \geq 500\text{ V}$**   
**Obligatorio  $U \geq 500\text{ V}$**
