## NOTES ON REFERENCED PRODUCTS

NOTE 1: Schneider Electric IT bases its compliance status knowledge on information provided by third parties and has taken and continues to take reasonable steps to provide representative and accurate information including conducting destructive testing or chemical analysis on incoming components and materials.

- ☒ Compliance with the RoHS Directive means that the product(s) referred above complies with the essential requirements of EU Directive 2011/65/EU (RoHS2). Please note that as a component that is not categorized as a subject EEE, the product is not subject to the CE marking provisions of RoHS 2 and neither an EC Declaration of Conformity nor a Technical File is being issued for this product.
- ☒ Components typically used in the manufacture of this product have undergone testing and chemical analysis on incoming components and materials to confirm that total PBDE including deca-BDE monomer are less than 1,000 ppm (0.1 wt%).
- ☒ REACH Compliance means that the declared product does not contain a listed Substance of Very High Concern (SVHC) at a concentration greater than 1,000 ppm. This compliance information represents our best knowledge relative to the presence of Substances of Very High Concern (SVHCs) in our products as of the date of this letter. The list of SVHCs reviewed includes substances listed on the ECHA website as of December 2014. This compliance information will evolve over time, as a function of improved product knowledge and additions of more SVHCs to the REACH list.

NOTE 2: The following exemptions have been claimed to make the above referenced SKU RoHS compliant:

None

NOTE 3 : Please note that older compliance documentation will reference the previous version of the RoHS Directive (2002/95/EC). All products that are declared as compliant with this version of the RoHS Directive are also compliant with the essential/material content restrictions of the revised RoHS Directive (2011/65/EU)

Please note that older compliance documentation may reference former company names (APC, APC by Schneider Electric, American Power Conversion). All products that are declared as compliant via these older compliance documentation are also compliant.
