RE: Schneider Electric – Information Technology Business Unit (APC)
Product Certification of Compliance

Dear APC Customer:

Schneider Electric IT (SEIT) is committed to providing customers with products that are fully compliant with all regulations, international protocols, and customer standards to which they are subject. Via this letter, the product line referenced below is being declared as fully conforming to the applicable requirements of the RoHS2 Directive (2011/65/EU) and the REACH Directive (EC 1907/2006). Please feel free view details of the Environmental Stewardship program at the APC web site: www.apc.com/site/recycle/

Product	Product Description	Compliance Status	Comments
AR7XXX including X-options AR8XXXX including x-options (see Note 4 for complete list of referenced products)	NetShelter Cable Management Products	RoHS Compliant REACH Compliant	See Notes 1,2,3,4,5

As a customer who uses our products as components within your own designs or a purchaser of our products, you have a vested interest in our compliance with international environmental requirements. All of us at Schneider Electric greatly appreciate your continued interest in our company's products.

Sincerely Yours,

Raymond P. Lizotte, Jr.
Director, IT Environmental Stewardship Office
Boston ONE Campus

NOTES ON REFERENCED PRODUCTS

NOTE 1: Schneider Electric IT bases its compliance status knowledge on information provided by third parties and has taken and continues to take reasonable steps to provide representative and accurate information including conducting destructive testing or chemical analysis on incoming components and materials.

- ☒ Compliance with the RoHS Directive means that the product(s) referred above complies with the essential requirements of EU Directive 2011/65/EU (RoHS2). Please note that the referenced products are not categorized as a subject EEE pursuant to the RoHS2 directive, the product is not subject to the CE marking provisions of RoHS 2 and neither an EC Declaration of Conformity nor a Technical File is being issued for this product.
- ☒ Components typically used in the manufacture of this product have undergone testing and chemical analysis on incoming components and materials to confirm that total PBDE including deca-BDE monomer are less than 1,000 ppm (0.1 wt%).
- ☒ REACH Compliance means that the declared product does not contain a listed Substance of Very High Concern (SVHC) at a concentration greater than 1,000 ppm based on weight SVHC to weight of product evaluation. This compliance information represents our best knowledge relative to the presence of Substances of Very High Concern (SVHCs) in our products as of the date of this letter. The list of SVHCs reviewed includes substances listed on the ECHA website as of January 2016. This compliance information will evolve over time, as a function of improved product knowledge and additions of more SVHCs to the REACH list.
- ☒ Compliance to material content standards (RoHS, REACH and Red List Status) is based on supplier provided declarations, risk assessments performed on the materials of construction or analyses of sample parts, materials or assemblies. Compliance documentation is maintained within the Material Content Management System.

NOTE 2: The following exemptions have been claimed to make the above referenced SKU RoHS compliant:

None

NOTE 3 : Please note that older compliance documentation will reference the previous version of the RoHS Directive (2002/95/EC). All products that are declared as compliant with this version of the RoHS Directive are also compliant with the essential/material content restrictions of the revised RoHS Directive (2011/65/EU)

Please note that older compliance documentation may reference former company names (APC, APC by Schneider Electric, American Power Conversion). All products that are declared as compliant via these older compliance documentation are also compliant.
